ELEMENTIBATHWARE.COM

ELEMENTS OF THE ENVIRONMENT

Elementi's commitment to continuous innovation drives the transformation of cutting-edge technologies into tangible solutions for Kitchens and Bathrooms in Australasia. Our products are engineered for longevity, designed to integrate simplicity with intuitive functionality, ensuring every interaction with water is a delightful experience.

FLAWLESS FINISH

Advanced plating produces a durable surface with a long-lasting finish

Formed with state of the art production facilities incorporating PVD (Physical Vapour Deposition), Electroplating and Powder Coated technologies, finishes are designed to last.

With a plating process up to 60 microns, corrosion resistance is at an optimum giving you hardened durability for many years to come.

EFFORTLESS CONTROL

Leading edge cartridge technology

Featuring high quality ceramic discs provide precise adjustments for water flow and temperature, ensuring smooth and effortless operation.

Engineered for reliability our cartridges have been tested up to 500,000 cycles ensuring resistance to wear and corrosion, maintaining dependable operation over time.

E-GLAZE TECHNOLOGY

Hygienic features for everyday protection

Exclusive to Elementi, the E-Glaze technology represents a breakthrough in toilet hygiene. With its innovative 5-layer antibacterial glaze, E-Glaze effectively minimizes the build-up of germs and bacteria on toilet surfaces. This advanced glaze not only enhances cleanliness but also contributes to a healthier environment by reducing the potential for bacterial growth. By incorporating E-Glaze into their toilet designs, Elementi ensures that their products not only look stylish but also prioritise hygiene and sanitation, providing peace of mind to users concerned about maintaining a clean and germ-free bathroom space.

DURACLASS

Built to last the test of time

Elementi products are crafted by combining premium-grade materials with state of the art technology, resulting in superior durability and longevity. Each component is meticulously selected for its quality and performance, contributes to the products' ability to withstand the rigours of daily use and environmental factors. By integrating advanced technologies into their design, Elementi ensures that their products not only meet but exceed expectations for reliability and efficiency. Whether it's in the kitchen or bathroom, our products are engineered for resilience against moisture and wear, Elementi's commitment to excellence ensures that the products stand the test of time, offering enduring value and satisfaction to discerning customers.

INTELLIGENT VALVE TECHNOLOGY (IVT)

Valves designed specifically for New Zealand bathrooms

Exclusive to Elementi, Intelligent Valve Technology (IVT) is at the heart of all Tapware and Mixers. With a range of models available to work on multiple water pressures, whether it be Mains or Low/Unequal you can be assured IVT mixers are up to the task. From the kiwi Bach, to high rise apartments you can have confidence Intelligent Valve Technology will thrive in New Zealand conditions without compromising on quality.

With shower valves tested to 1,500 KPA we ensure the valves can operate safely and reliably under normal operating conditions without leakage or damage.

DISTINCT DESIGN

Designed by family, for family

From Elementi's birth in 2000, design has been at the forefront of the brand, with two generations of the Robertson family having grown the brand over its 20+ year history. It's the family connection and proven industry experience that is the key ingredient to the successful development and ever improving designs we see in Elementi today. By combining the best design and inspiration out of Europe with local expertise and knowledge proving a real difference.

Elementi is specially tailored to New Zealand conditions, from Kitchen to Bathroom Elementi integrates features to cater to the unique needs of our kiwi households. Moreover, Elementi is crafted with finest materials and finishes to withstand New Zealand's varied climates and water qualities, ensuring longevity and performance in one of your homes most important spaces.

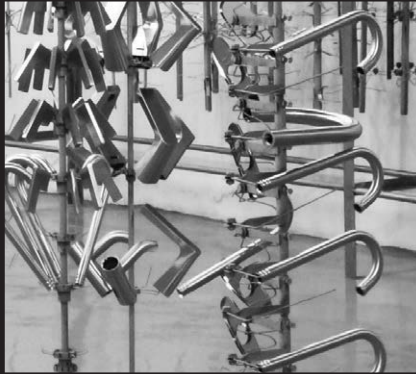

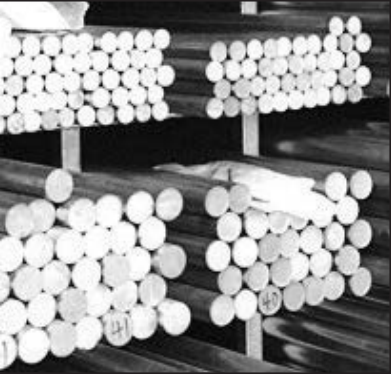

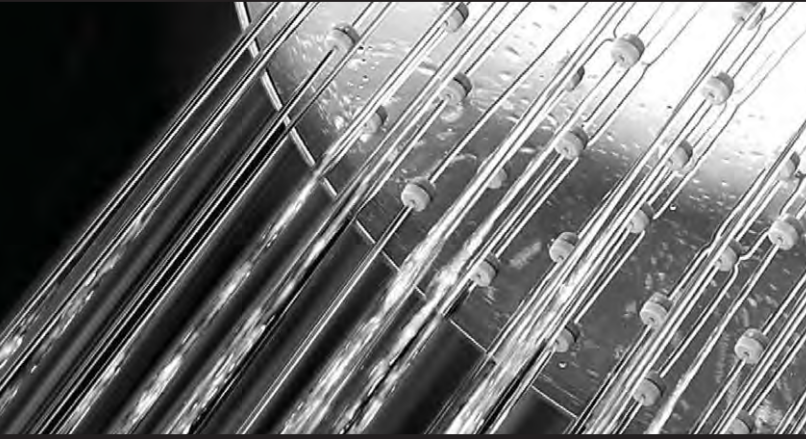

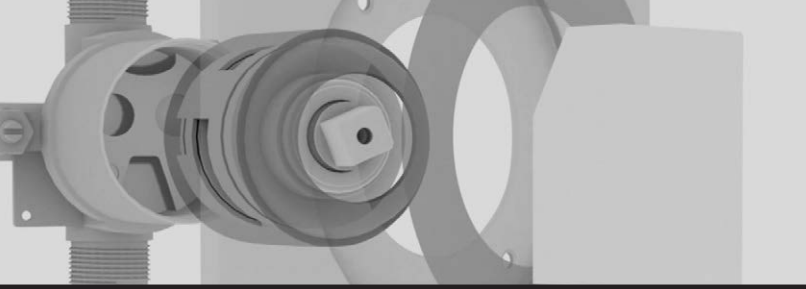

ELESPRAY

Stimulating shower sprays to start and finish your day

Elementi Showers elevate the bathing experience with a diverse array of invigorating shower sprays designed to cater to various preferences and needs. Each spray option is crafted to deliver a unique sensation, from gentle rainfall to pulsating massage jets, ensuring a personalised and rejuvenating cleansing ritual. Whether seeking a refreshing start to the day or a soothing end to it, Elementi's shower sprays promise not only functionality but also an indulgent escape into relaxation. Their commitment to innovation and quality ensures that every shower becomes a moment of pure bliss, transforming ordinary routines into extraordinary experiences of comfort and renewal.

BATHROOM ELEMENTS OF BOTH INNOVATIVE AND VISUAL BEAUTY

Anyone who loves beautiful design and recognises the importance of quality will fall in love with Elementi.

Born from decades of experience and shaped by the latest international design trends, the Elementi brand creates bathroom elements with both innovative functionality and visual beauty.

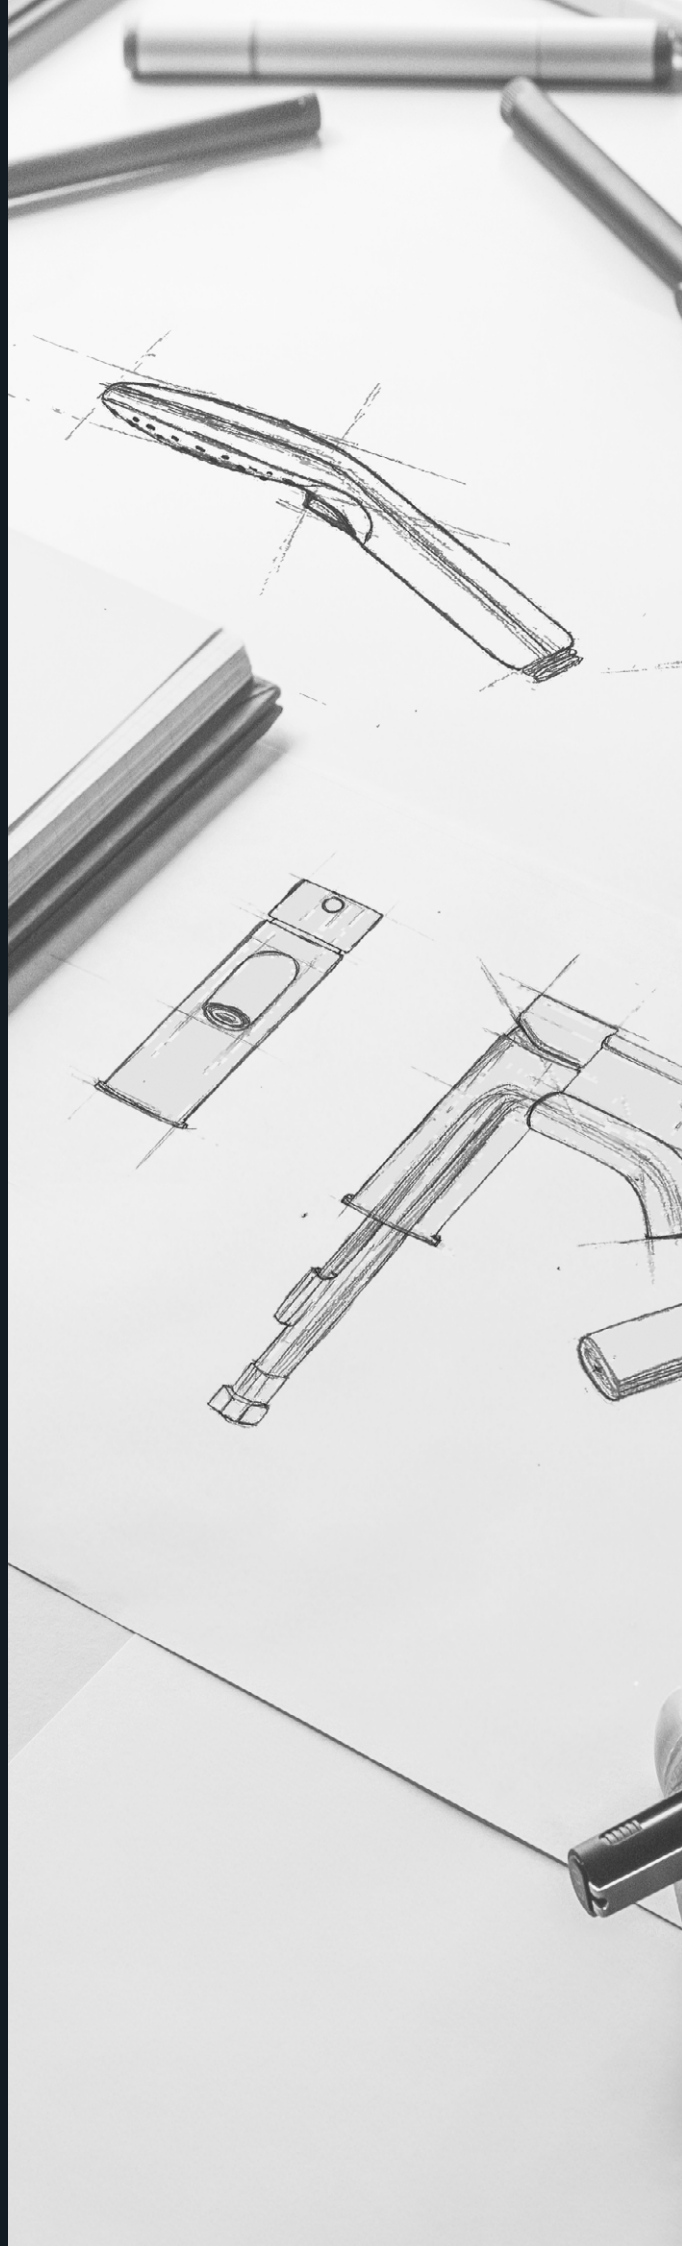

Harmony is at the heart of any successful design, a delicate balance where every element works towards a seamless whole. The same balance led us to Elementi. The range of bathroom solutions our dedicated design team develop are all designed to complement each other and create a satisfying aesthetic balance and an harmonious bathing experience.

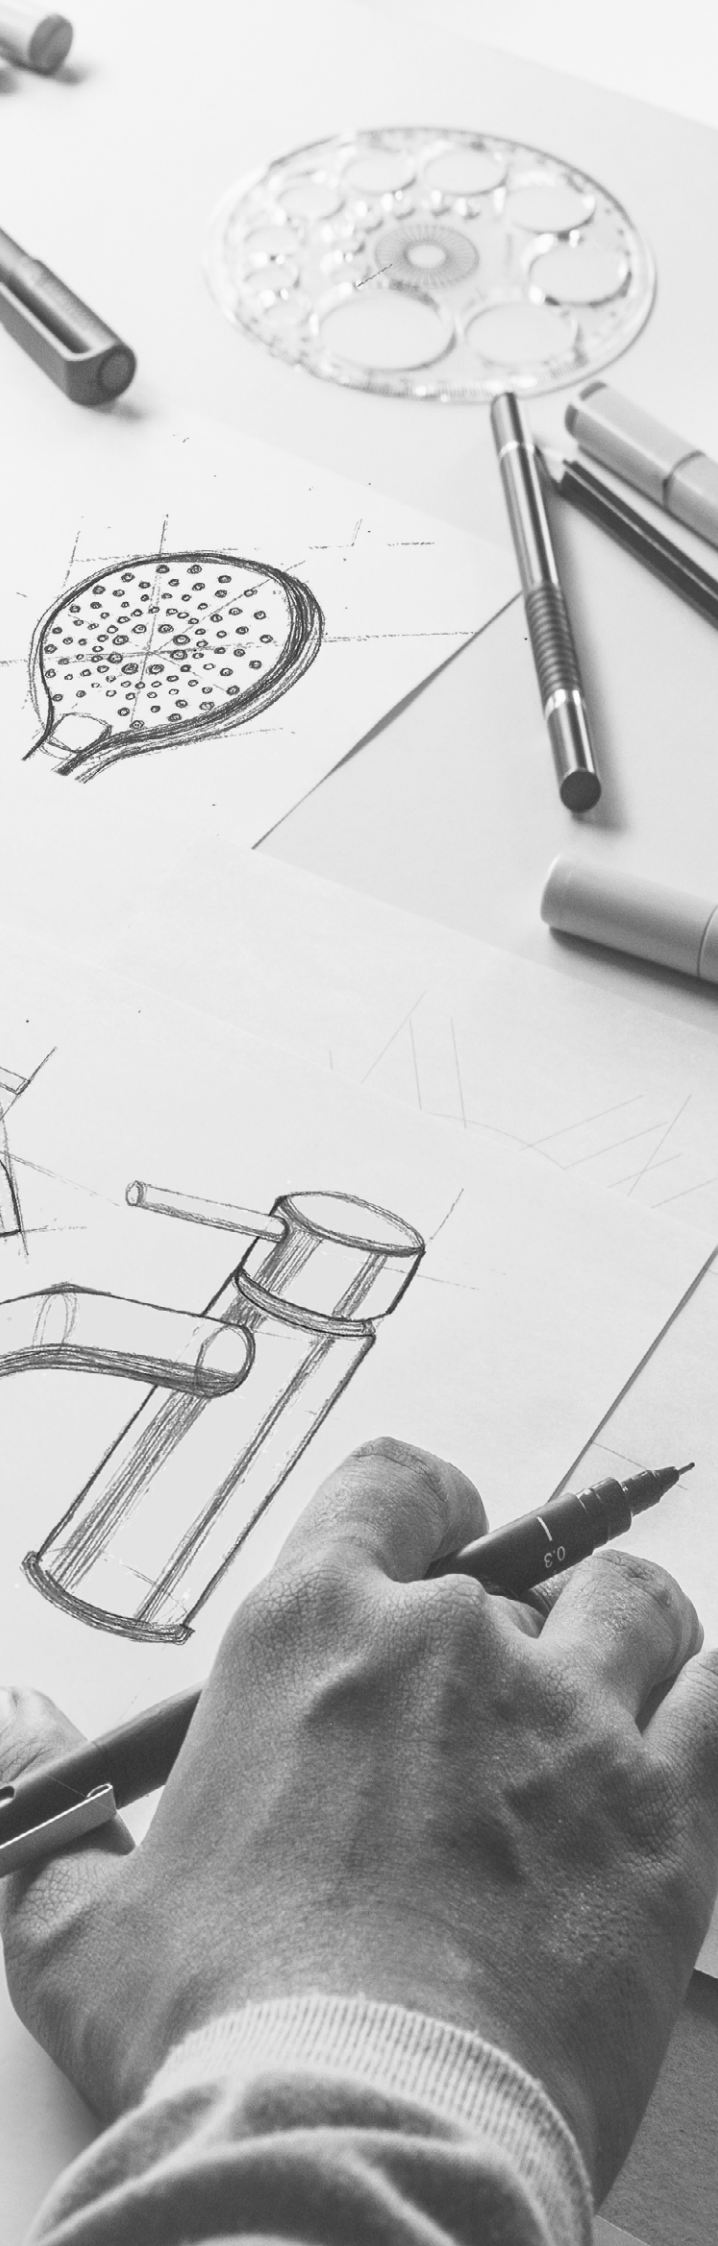

Whatever your lifestyle, whatever your taste, you'll find the perfect collection for your bathroom within the Elementi range.

Available throughout New Zealand, Australia and the Pacific Islands.

ELEMENTi[®]

BORN FROM A MIX OF **GLOBAL** EXPERIENCE AND **LOCAL** KNOWLEDGE

Two generations have grown the Elementi brand over its 20-year history. It is still proudly New Zealand and family owned by Max and Debbie Robertson, who founded Robertson Bathware in 1987. They've been joined over the years by son James, Sales Manager and daughter Kirsten who has an eye for product design.

Since its earliest years, the company has followed a set of rigorous guidelines: always make the most of our team, both internationally and here in New Zealand; be innovative; create products that are beautiful to look at, and simple and effective to operate; and constantly develop technology and sustainable solutions to guarantee the quality of the products, services and consulting we provide.

We develop our products for the New Zealand market, but we search every corner of the world for inspiration and ways to improve and build on the Elementi product line. It might be the latest design trends from the Cersaie trade show in Bologna, Italy; the technical innovations found at ISH Germany; or the Kiwi ingenuity and superior craftsmanship we employ here on our own doorstep. It's all brought to the table to inspire, evolve and build **bathroom elements of beauty.**

BASINS

A basin is one of the most used, and therefore most important, features of any bathroom.

Elementi offers a range of high-quality basins to suit a variety of different needs and styles.

Every unique piece is made to the highest standards using a variety of materials including hand finished Vitreous China, Polymarble and even Concrete.

This commitment to quality also ensures our products are easy to install, easy to maintain and built to last.

ELEMENTI®

VITREOUS CHINA

HAND FINISHED CHINA

Hand finished using fine fireclay for ultra smooth finish.

PORCELAIN GLAZE

Remarkably hard and highly scratch-resistant glazed surface.

POLYMARBLE

MAN-MADE DURABILITY

A durable man-made polyurethane resin and marble powder mix.

CONCRETE

NATURAL AND UNIQUE

Handcrafted and designed to embrace the natural properties of concrete.

REINFORCED CONCRETE

Glass fibre reinforced concrete for additional strength and durability.

HEAT & STAIN RESISTANT SEALER

Durable concrete sealer is heat and stain resistant.

FURNITURE

Manufactured in New Zealand, Elementi furniture uses high quality materials combined with superior craftsmanship to produce innovative and beautiful bathroom furniture of the highest standard that will last for years to come.

Elementi furniture is available in either Premium or Everyday solutions. The Premium collection exudes unparalleled craftsmanship, exquisite materials and timeless design embodying the pinnacle of luxury and comfort in home furnishings. Everyday bathroom furniture offers practicality and functionality without extravagance, catering to the essential needs of a bathroom while maintaining an appealing aesthetic.

As well as various styles and finishes, Elementi has a wide range of sizes in wall or floor configurations to suit your large or small space. More compact cabinets perfect for the guest bathroom through to his and hers double bowl cabinets, we have the solution to fit.

MANUFACTURED IN NZ
Combining high quality components with superior craftsmanship.

MOISTURE RESISTANT BOARD
Designed to withstand bathroom moisture and humidity.

SOFT CLOSE DRAWER SLIDERS
German made full-extension soft close drawer systems.

DRAWER ORGANISERS
De-clutter your bathroom with built in drawer organisers.

DURABLE THERMOFORM
A vinyl film wrap provides a seamless, durable and moisture-resistant finish.

ELESTONE TOPS
An extra-strength hygienic man-made stone top with superior durability.

ELECAST TOPS
A polymethyl methacrylate molded top that is nontoxic and environmentally friendly.

EUROPEAN HARDWARE
Top quality door and drawer systems.

TAPWARE

Elementi tapware unites quality design with the finest materials and the latest trends and finishes. Every collection offers a wide choice of faucet technologies to complement the latest bathroom ceramics and your personal styling preferences including textured handles, ergonomic profiles, valve innovation and both mains and multi pressure solutions.

Designed to survive the test of time and backed by comprehensive warranties you can have confidence your tapware will not only perform well, but look great for years to come.

FLAWLESS FINISH

Advanced plating produces a durable surface with a long-lasting finish.

EFFORTLESS CONTROL

Leading edge cartridge technology with a wide and smooth operating angle.

ETCH HANDLE

Cross cut texture for an industrial aesthetic and additional grip for easier operation.

MULTI-PRESSURE IVT VALVE

Easily accessible IVT valve housing for water flow rate adjustment.

THERMOSTATIC CONTROL

Precise control of water flow rate and temperature with preset limits.

ADJUSTABLE AERATOR

To control water flow.

ELEMENTI[®]

BATHS

Put relaxation and sculptural style at the heart of your bathroom with an Elementi bath. Designed with light, clean lines, bath options include standard drop in baths to centrepiece freestanding models.

All baths are moulded from high grade Dupont American acrylic. This superior cross-linked acrylic offers additional strength and is weight tested to 350kg to prevent flexing and movement.

Durability is not the only benefit with the end result being an extra smooth finish with superior scratch and stain resistance. Above floor wastes can easily be accommodated with a void space under the bath while adjustable feet make levelling your bath a simple process.

HIGH GRADE ACRYLIC
100% cross-linked nonporous Dupont casted pure acrylic.

WEIGHT TESTED
Cross-linked acrylic ensures extra strength, tested to 350kg weight limit.

ABOVE-FLOOR WASTE
Above-floor waste in freestanding bath allows for ease of installation.

ADJUSTABLE FEET
The bath can easily be raised or lowered to make level.

TOILETS

You should never have to choose between style and performance. We think they go hand in hand.

Elementi toilets offer efficient water usage, robust build quality and a clean and modern design that makes them ideal for the contemporary bathroom or restroom.

State-of-the-art Hyperjet Flushing Systems and Rimless Technology makes sure users benefit from the highest hygiene standards, with all toilets equipped with a soft closing and quickly released seat.

Designed for wheelchair access and mobility, Elementi toilets also offer a selection of toilets for those with restricted movement and visual impairment to make life a little easier.

HYPERJET FLUSHING SYSTEM

A powerful silent vortex of water that swirls to cover and clean the whole of the bowl.

HYGIENIC RIMLESS DESIGN

With Rimless Technology, every surface of your toilet is easy to reach and effortless to keep clean from bacteria.

SOFT CLOSE SEAT SYSTEM

Both seat and lid have a gentle and quiet soft-closing mechanism for silent ease of use.

SUPER CLEAN E-GLAZE TECHNOLOGY

Exclusive to Elementi, E-Glaze offers 5 layers of antibacterial glaze, reducing the accumulation of Germs and Bacteria.

EFFICIENT INSTALLATION

Installation is efficient thanks to clever design, a variable range of set outs and the inclusion of Angle Stops.

COMPLIES WITH NZS 4121:2001

Designed for wheelchair access and mobility for those with restricted movement and visual impairment.

SHOWER ENCLOSURES

From the first sketch to initial design concept to final production, quality is the key component, so that ultimately you get to share in our ethos by having your own quality experience when you use an Elementi shower enclosure.

Elementi shower enclosures are strong, durable and stylish. From the premium detailing to invisible fixings, design has been considered down to the very last detail. Our products are made from the highest quality materials, with added design features and installation benefits to make sure that once you have chosen your product, it is easy to install and reliable in its use.

Within our ranges we have a number of sizes in a square or rounded profile to suit your space, pivot or roller doors for easy access as well as corner or centre waste options to fit your plumbing requirements.

EASY CLEAN NANO GLASS

Advanced NANO technology creates a non stick surface making glass easy to clean and stain resistant.

PATENTED QUICK FIX SYSTEM

New patented locking technology eliminates the need for drilling holes, saving time and money.

SAFETY SHOWER GLASS

Shower enclosures are fitted with 6mm safety glass doors to AS/NZS 2208 standard.

PROVEN SHOWER TRAY DESIGN

A reinforced tray ensures self supporting rigidity with front edge lip and rear upstand for improved water proofing.

EXTENDED HEIGHT DOOR & LINER

A higher door and liner is more user friendly and allows a higher position for the shower rose.

QUALITY EUROPEAN ACRYLIC LINER

European Sanitary Grade Capped ABS Acrylic 2mm sheet is more high gloss and scratch resistant.

SHOWERS

Create your personal bathing experience with Elementi's wide range of showering options. Fitted to the ceiling or wall mounted; Black or Brushed Brass; mains or multi pressure; Elementi showers come in all shapes, styles and sizes – each one designed with your satisfaction and enjoyment in mind.

Ingenious features for the trade also include Adjustable Fixation, Retrofit Kits and Extension options to not only cater to new builds but make Elementi showers the ideal renovators upgrade.

FLAWLESS FINISH

Advanced plating produces a durable surface with a long-lasting finish.

ELESPRAY

Spray technology designed to optimize spray performance and water droplet delivery.

THERMOSTATIC MIXER

An integrated Thermostatic mixer offers users accurate temperature control.

SWISS INSPIRED

Influenced by Swiss design styles of modernism and precision.

ACCESSORIES

It is the details that can make all the difference. Elementi accessories reflect the design nuances and core values of our collections simplifying the specification of your bathroom. Engineered in Europe the durable Elementi flawless finish means that our accessories are easy to clean and will last for years to come. Our wide portfolio in different finishes also cover a range of price points.

FLAWLESS FINISH

Advanced plating produces a durable surface with a long-lasting finish.

MADE IN SPAIN

Fine European craftsmanship that also displays the Latin flair of its heritage.

KITCHEN

Along with an extensive range of bathroomware, Elementi offers a range of kitchen mixers. Using only the finest materials and the latest industry-leading technologies, Elementi kitchen mixers have been designed to suite all kitchens themes and withstand the daily rigours of one of the key areas of the home. Matching designs and finishes allow users to coordinate their design from bathroom to kitchen.

ELEMENTI[®]

FLAWLESS FINISH

Advanced plating produces a durable surface with a long-lasting finish.

EFFORTLESS CONTROL

Leading edge cartridge technology with a wide and smooth operating angle.

FORWARD ROTATING LEVER

Movement from upright to forward ensures handle does not hit splash back.

ERGONOMIC SPOUT HEIGHT

An ergonomic spout height and operating angle allowing ease of use.

PULL-OUT SPRAY

The pull-out spray increases operating radius of the mixer.

SWIVEL SPOUT

The smooth movement of swivel spouts offers easy handling.

BARE

CONCRETE

COLOURED CONCRETE FOR EVERY BATHROOM STYLE

Elementi BARE concrete basins combine warm pastel colours with the natural industrial elements of concrete to create a focal point in any bathroom. Each piece is handcrafted and distinctively designed to embrace the natural properties of concrete. Custom colours are available upon request with a four week manufacturing time.

Subtle variations in colour, shade and texture are to be expected. These should be viewed as unique characteristics that add a natural touch to your concrete product. Discolouration and natural pitting can occur over time.

CONCRETE FEATURES

MANUFACTURED IN NEW ZEALAND

Elementi concrete basins and furniture are manufactured in New Zealand, using high quality materials combined with superior craftsmanship to produce innovative and beautiful bathroom furniture of the highest standard that will last for years to come.

HAND CRAFTED

Each concrete piece is hand crafted locally with a mixture of many different raw ingredients. Subtle variations in colour, shade and texture are to be expected. These should be viewed as unique characteristics that add a natural touch to your concrete product. Discolouration and natural pitting can occur over time.

UNIQUE CONCRETE

Engineered Cementitious Composites (ECC) is a unique type of concrete which is known for its tensile strain-hardening behaviour and tensile ductility contrasting, making it a significant improvement from ordinary concrete and glass fibre reinforced concrete (GFRC).

CONCRETE VESSEL BASINS

BARE 470 HAND PRESSED CONCRETE SQUARE VESSEL BASIN

470(L) X 340(W) X 110(H)
NTH / NO OVERFLOW

BHP470__

ADVANCED RAW TECHNOLOGY

Handcrafted here in New Zealand, each concrete basin is a unique work of art. The handpressed finish concrete basin range is exceptionally unique in appearance with its raw and natural “perfectly imperfect” finish.

The handpressed finish is created exactly as the title suggests, handmade concrete moulded together to create emphasised veins and texture through the concrete.

BARE 470 FLUTED CONCRETE SQUARE VESSEL BASIN

470(L) X 340(W) X 110(H)
NTH / NO OVERFLOW

BF470__

FLUTED CONCRETE

Create a real focal point in your bathroom by combining trending fluted design with the natural elements of concrete. Providing an emphasis on touch and texture, Fluted Bare Concrete basins take personalisation of your bathing space to new heights.

NEW

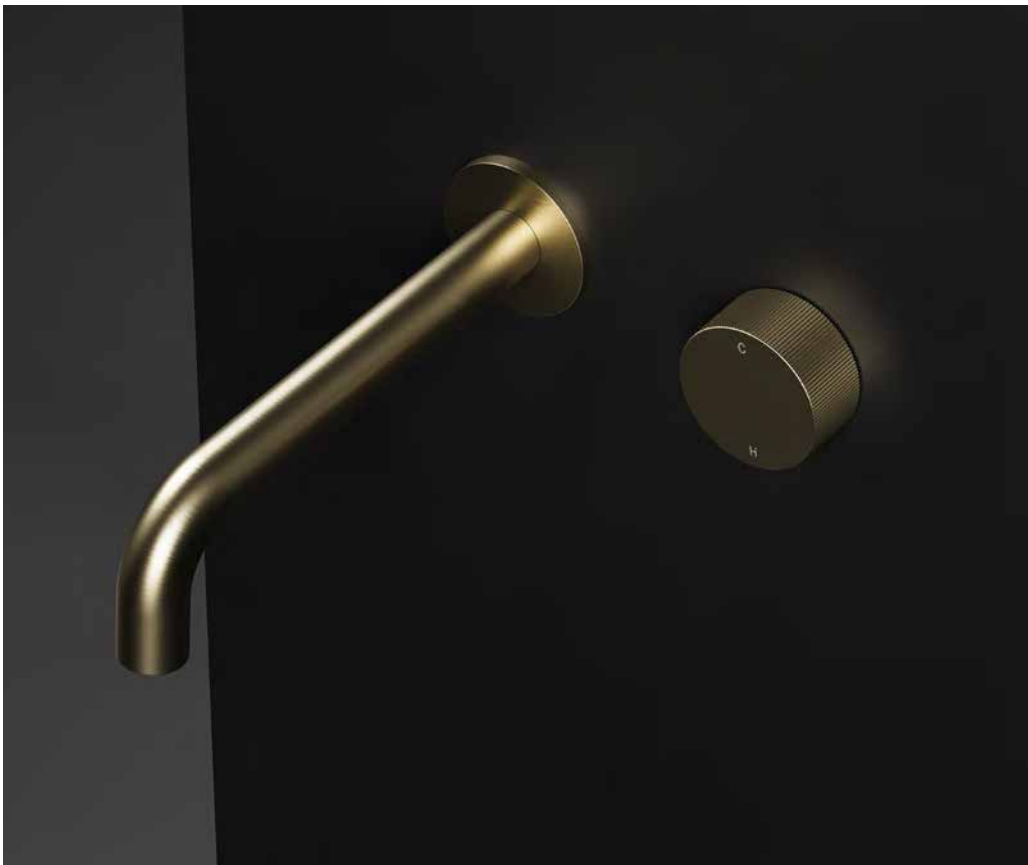

LENTE

Lente Shower Mixer
Finish: Brushed Brass

'Lente' Italian for Lens, draws inspiration from the shape and texture from one of photography's greatest assets, the camera lens. With round handles, incorporating a delicate vertical knurl, minimalist elegance meets functional brilliance. Paired with a gracefully curved spout, the smooth lines and subtle contours redefine modern sophistication.

Each piece is crafted with precision and care, ensuring a perfect balance between style and practicality. Ideal for those who appreciate the beauty of simplicity and seek a sophisticated, functional enhancement to their bathroom.

ELEMENTI®

WITH ELEMENTI TOILETS YOU HAVE THE REASSURANCE OF OUR EXPERTISE IN CERAMICS AND HYGIENE TECHNOLOGY, MEANING EASY TO CLEAN AND EASY TO MAINTAIN FOR YEARS TO COME. FROM FEATURES LIKE E-GLAZE TECHNOLOGY THAT REDUCES BACTERIA GROWTH, TO THE SUPER-POWERFUL HYPER JET FLUSH, AN ARRAY OF TECHNOLOGIES ALL WORK TOGETHER TO MAKE ELEMENTI TOILETS HYGIENIC, DURABLE AND STYLISH.

HYPER JET FLUSHING

Rimless flushing projects a jet of water rather than the traditional flushing mechanism where water pours down the rim. Through the powerful delivery of water, maximum cleaning is achieved.

TORNADO JET FLUSHING

A sole surge of water is projected from one outlet at the front side of the bowl which then follows the contours in a clockwise Tornado motion, offering a powerful yet efficient clean (Gira toilet only).

SOFT CLOSE SEAT

Both seat and lid have a gentle and quiet soft-closing mechanism for silent ease of use.

HAND FINISHED CHINA

Hand finished using fine fireclay for ultra smooth finish.

SUPER CLEAN E-GLAZE TECHNOLOGY

Exclusive to Elementi, E-Glaze offers 5 layers of antibacterial glaze, reducing the accumulation of germs and bacteria.

HYGIENIC RIMLESS DESIGN

There are no hard to reach areas with the new rimless design allowing easy cleaning with a single wipe.

EFFICIENT INSTALLATION

Installation is efficient thanks to clever design, a variable range of set outs and the inclusion of Angle Stops.

DISTINCTIVE FINISHES

Elementi offers three quality Vitreous China finishes in Gloss White, Matt White and Matt Black offering a premium point of difference to your bathroom.

10 YEAR GUARANTEE*

Without exception Robertson products are guaranteed to meet or exceed the standard requirements for the New Zealand building code. For your peace of mind Elementi Toilets also come with a 10 year guarantee*.

TOILET TYPES

BACK TO WALL (BTW) CC TOILET SUITE

The back to wall close coupled toilet suite adds a streamlined, modern look to any bathroom. Positioned flush with the wall, there is no gap behind and all waste and inlet pipes are concealed, with the cistern then positioned above the bowl.

OVER HEIGHT (OH) BACK TO WALL (BTW) CC TOILET SUITE

With a pan and seat up to 40mm higher than standard toilets, the overheight toilet allows for easy transfer on and off the seat. This not only makes life easier as we increase in age, but is ideal for the elderly and those with restricted movement.

CLOSE COUPLED (CC) TOILET SUITE

The close coupled suite has the cistern fitted against the wall and the pan is positioned away from the wall. The gap between the wall and the pan varies according to the model.

BACK TO WALL (BTW) TOILET PAN

The back to wall toilet pan has an in-wall cistern and a fully concealed waste which hides exposed pipes. The back-to-wall pan runs all the way to the wall and is easy to clean with smooth, seamless lines.

WALL HUNG (WH) TOILET PAN

The wall hung toilet is mounted to a bracket in the wall. It takes up less space than a traditional unit and with an in-wall cistern, provides a clean, uncluttered appearance.

BACK TO WALL (BTW) AND WALL HUNG (WH) BIDETS

The wall hung bidet fixes to the wall unobtrusively, while the back to wall bidet takes a more conventional floor mounted form.

E-BIDET SMART TOILETS

An E-bidet (electronic bidet seat) requires an electrical point and comes with additional comfort features such as massage cleansing, warm water cleansing, heated seat and dryer, and is operated via a side control panel or a remote control.

URINAL

The wall hung urinal is available with automatic or manual flushing options.

S TRAP OR P TRAP?

P TRAP

The term P trap indicates that the outlet (waste) pipe goes through the wall.

S TRAP

The term S trap indicates that the outlet (waste) pipe goes through the floor.

Note: Your choice of S or P trap will depend on availability of access through the floor or wall.

There are no hard to reach areas with the new rimless design allowing easy cleaning with a single wipe.

HYPER JET FLUSHING

Rimless flushing projects a jet of water rather than the traditional flushing mechanism where water pours down the rim. Through the powerful delivery of water maximum cleaning is achieved.

SUPER CLEAN E-GLAZE TECHNOLOGY

Exclusive to Elementi, E-Glaze offers 5 layers of antibacterial glaze, reducing the accumulation of germs and bacteria.

SWAY D2 SEAT

Made with durable materials and quality stainless steel hinges, Sway D2 toilet seats are made to last and designed to be functional and stylish with added comfort. Also featuring Soft Close, Slim profile, Easy Lift off hinges and Antibacterial Polygiene.

E-BIDET SMART TOILETS

NEW

INTEL

INTELLIGENCE REDEFINED

The latest E-Bidet Smart Toilet, Intel redefines bathroom luxury with its innovative features and stylish design. It offers customisable water temperature and pressure, as well as personalised cleaning modes for an exceptional user experience. Its sleek aesthetic complements any decor, while durable materials ensure long-lasting performance.

Intel's minimalist design conceals all pipework, reduces toilet paper usage and promotes a more sustainable approach to hygiene. The e-bidet seat provides a gentler, more hygienic clean, enhancing personal comfort. Features like customisable front and rear cleansing options, oscillation, pulsating massage, and adjustable aerated water are easily controlled with a simple dial.

Ideal for those with restricted movement, the E-Bidet simplifies the cleaning process, offering comfort and confidence. It includes four levels of adjustable warm air drying and a foot sensor that allows the seat to lift without hand contact. An LED screen displays essential information, while the rimless design allows for easy cleaning.

Intel's double filtration system removes impurities, and an activated carbon filter helps reduce odours. The intelligent remote control provides quick access to all features, and the unit is tested to support up to 250kg. Even without power, the bidet remains functional, though water temperature adjustments won't be available.

Additional features include nano anti-bacterial glazing and an adjustable heated seat. A built-in night light enhances safety by illuminating the toilet bowl. With four unique cleaning modes – Feminine, Hip, Mobile, and Massage. Intel offers a customizable experience for every user. Its easy installation and maintenance make it a perfect choice for any household, and it's designed specifically for New Zealand homes, fully compliant with safety standards.

*All guarantees are subject to terms and conditions and available at: robertson.co.nz/warranties

E-BIDET SMART TOILETS

NEW

INTEL

CONCEALED WATERWAYS & CABLES

This intelligent e-bidet has all the pipework and cables concealed within, contributing to its sleek and minimalist design.

LED DISPLAY

LED Screen displaying essential operational information with various temperature and settings.

ENVIRONMENTALLY FRIENDLY

Smart toilets decrease toilet paper use, avoiding harmful chemicals that clog plumbing. These bidet seats provide a gentler, more hygienic clean and reduce environmental impact.

RIMLESS DESIGN

There are no hard to reach areas with the new rimless design allowing easy cleaning with a single wipe.

SMART TECHNOLOGY FOR COMPLETE CLEANLINESS

Offering customizable front and rear cleansing options, plus features like oscillation, pulsating massage, and adjustable aerated water – controlled with a simple dial.

POWER SAVING & MEMORY

Energy Saver Mode can be activated when toilet is not in use. Previous user settings retained for convenience.

DESIGNED TO LAST

This durable seat has a load-bearing lid, quick-release mechanism, and easy-to-clean surface. Its sleek, minimalistic design ensures both comfort and durability.

DOUBLE FILTRATION

The double filtration system helps filter out any impurities in the waterline. Whilst the Activated carbon filter helps reduce those bathroom odours.

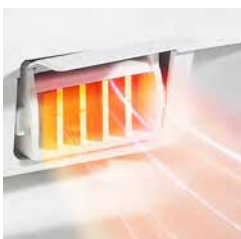

AID FOR ACCESSIBILITY

Perfect for those with restricted movement, an E-Bidet takes the hassle out of the cleaning process, providing comfort and confidence to those that need it most.

REMOTE CONTROL

The remote control allows for easy access to all features, enabling personalised adjustments with just the touch of a button.

ADJUSTABLE AIR DRYER

4 Levels of warm air can be adjusted at will, helping you dry off.

STRENGTHENED SUPPORT

Seat weight tested to 250kg ensuring stability and assurance.

ELEMENTi®

Note: It is a requirement of Australian/New Zealand regulators that the water supply to this product must be protected by a high hazard backflow prevention device, such as a reduced pressure zone device (RPZD). As per AS/NZS 3500.1, the RPZD shall be maintained in working order and tested for operational functions at intervals not exceeding 12 months. Any electrical work connected to this product must be installed by qualified personnel in accordance with AS/NZS 3000.

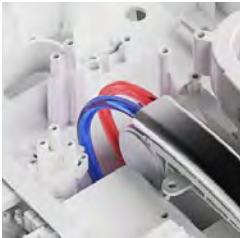

FOOT SENSOR

An ingenious foot sensor allows you to lift the seat and without any hand contact by simply tapping your foot against the side of the pan.

WASH WITHOUT POWER SUPPLY

Bidet is still operational without power, however the water temperature and seat temperature cannot be adjusted if power is off.

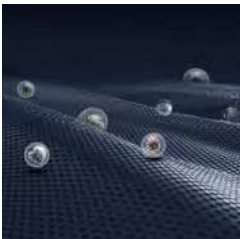

ADJUSTABLE WATER TEMPERATURE

Instant water heating . Adjust the water temperature up or down for your desired level of comfort.

ONE BUTTON SWITCH

One button switch used to adjust water volume and spray type allowing the user to tune to their preferred comfort level.

ANTI BACTERIAL

Nano Anti-Bacterial Glazing ensures a hygienic environment.

HEATED SEAT WITH ADJUSTABLE TEMPERATURE

A heated toilet seat enhances comfort by eliminating the shock of cold surfaces, making bathroom visits more pleasant.

GUARANTEE

10 Year Guarantee*
2 year guarantee on seat*
1 year guarantee on Cistern
Parts and Electrical components.

FLAME RESISTANT MATERIAL

Enhanced safety, designed to resist ignition and slow the spread of fire.

NIGHT LIGHT

A built in night light enhances safety and convenience by illuminating the toilet bowl during the night, reducing the need for harsh overhead lights and helping to prevent accidents.

4 MODES OF CLEANLINESS

The E-Bidet Smart Toilet offers four cleaning modes: Feminine, Hip, Mobile, and Massage Cleaning, ensuring a customisable and comfortable experience.

NOZZLE CLEANING

Automatic nozzle cleaning/rinse with each use. For additional cleaning simply select Self Cleaning on the remote.

EASY FIX

Quick and easy install with the bidet module fully accessible and easily removable aiding in the convenience of cleaning and maintenance.

AUTO OPEN/SOFT CLOSE SEAT

An automatic opening soft-closing toilet seat add hygienic benefits allowing the user use without making hand contact.

DESIGNED FOR NEW ZEALAND

Designed specifically for NZ households, being Watermark and equipped with RCD/Surge Protector ensuring full compliance and no safety risk

E-BIDET SMART TOILETS

NEW

FRESCA

The Fresca E-Bidet exemplifies innovation with its array of customizable features designed to enhance the personal hygiene experience. Users can adjust the temperature of both the water and the seat, ensuring a tailored and refreshing experience. The bidet's design allows for precise control over the water pressure and provides a personalised touch to cater to individual preferences. These features collectively contribute to a more comfortable and effective cleaning process, redefining the standards of bathroom luxury.

SLEEK DESIGN

Unlike bulky bidet models that rely on large water reservoirs to heat bidet water, this intelligent bidet seat utilises instant water heating technology, contributing to its sleek and minimalist design whilst aiding comfort.

ENVIRONMENTALLY FRIENDLY

Smart Toilets diminish your reliance on toilet paper, a notorious source of harmful chemicals that clog toilets and sewer systems. These intelligent bidet seats provide a gentler, simpler, and more hygienic bathroom cleansing solution, offering the added benefit of reducing your environmental footprint.

SMART TECHNOLOGY FOR COMPLETE CLEANLINESS

Providing fully customisable rear and front cleansing options, along with features like shower oscillation, pulsating massage, and aerated bubbly water infusion technology – all adjustable with a simple turn of the dial.

DESIGNED TO LAST

This expertly crafted seat features a durable load bearing lid, quick-release mechanism, and an easy-to-clean seat. Despite its sleek, minimalistic profile, it's ergonomically designed for both comfort and durability.

AID FOR ACCESSIBILITY

Perfect for those with restricted movement, combining the practicalities of an Accessible Overheight toilet and an E-Bidet takes the hassle out of the cleaning process, providing comfort and confidence to those that need it most. Selected models comply with NZS 4121:2001.

ELEMENTi[®]

Note: It is a requirement of Australian/New Zealand regulators that the water supply to this product must be protected by a high hazard backflow prevention device, such as a reduced pressure zone device (RPZD). As per AS/NZS 3500.1, the RPZD shall be maintained in working order and tested for operational functions at intervals not exceeding 12 months. Any electrical work connected to this product must be installed by qualified personnel in accordance with AS/NZS 3000.

WASH WITHOUT POWER SUPPLY

Bidet is still operational without power, however the water temperature and seat temperature cannot be adjusted if power is off.

ADJUSTABLE WATER TEMPERATURE

Adjust the water temperature up or down for your desired level of comfort.

ADJUSTABLE WATER VOLUME

One button switch used to adjust water volume allowing the user to tune to their preferred comfort level.

ANTI BACTERIAL

Seat and Nozzles are made from antibacterial materials ensuring maximum hygiene.

HEATED SEAT WITH ADJUSTABLE TEMPERATURE

A heated toilet seat provides enhanced comfort by eliminating the shock of sitting on a cold surface, making bathroom visits more pleasant, especially in colder weather.

NIGHT LIGHT

A built in night light enhances safety and convenience by illuminating the toilet bowl during the night, reducing the need for harsh overhead lights and helping to prevent accidents.

TWIN NOZZLES

Featuring twin nozzles for dedicated front and rear cleansing resulting in more precise and efficient cleansing.

SELF CLEAN

After the user is seated, the nozzle will automatically close, followed by 5 seconds of self cleaning. Following use, the nozzle will then close and endure another 2 seconds of self cleaning.

EASY FIX

Quick and easy install with adjustable fixing/simple detaching allowing for convenience of cleaning.

SOFT CLOSE

A soft-closing toilet seat helps to minimise noise and prevent slamming, offering a quieter and more gentle experience for everyone in the household.

DESIGNED FOR NEW ZEALAND

Designed specifically for NZ households equipped with type I 240 plugs and RCD/Surge Protector ensuring full compliance and no safety risk.

GUARANTEE

10 Year Guarantee*
2 year guarantee on seat*
1 year guarantee on Cistern Parts and Electrical components.

Complies with AS 2845.1:2022 Water supply - Backflow prevention devices requirements. Check with your installer and/or local council for any additional Back Flow requirement that may be needed.

A FRESH ERA IN HYGIENE

Fresca, the Italian word for 'Fresh' optimises the latest addition to our E-Bidet Smart Toilet offer, providing a cutting edge hygienic solution to the modern bathroom.

E-Bidet Smart Toilets represent a revolutionary advancement in bathroom hygiene, merging modern technology with user comfort.

In addition to its high level of customisation, the Fresca E-Bidet boasts a sleek, minimalist design that integrates effortlessly into any bathroom decor. Its aesthetic appeal is matched by its intuitive controls, which are engineered to be user-friendly and straightforward. This ensures that even those new to bidets can operate the system with ease. The bidet's compact and modern look not only enhances the visual appeal of the bathroom but also ensures that it fits seamlessly into various interior styles, making it a versatile addition to any home.

Beyond its aesthetic and functional benefits, the Fresca E-Bidet is designed with sustainability in mind. It features eco friendly water saving technology that reduces water consumption while maintaining an effective cleansing experience. The self cleaning nozzle further promotes optimal hygiene, minimising the need for manual cleaning and reducing the risk of bacterial buildup. By incorporating these environmentally conscious features, the Fresca E-Bidet supports a cleaner, more sustainable lifestyle, making it an excellent choice for those looking to enhance their daily routines while also contributing to environmental conservation.

DURACLASS SLIDER

Crafted by combining premium-grade materials with state of the art technology, resulting in a slider with superior durability and longevity. Each individual component is meticulously selected for its quality and performance, ensuring the slider can withstand the rigors of daily use and environmental factors. Simply move lever to adjust slider which allows flexibility of hand piece height and angle.

CHECK VALVES

Hand pieces are fitted with Check/non return valves for back flow protection. This is especially important where the elbow is installed low enough in the shower to possibly cross contaminate with water from another source syphoning back into the water system.

DUAL FIXINGS

Dual fixings provide greater stability and durability, while multiple fixing positions simplify installation, making Elementi accessories the superior choice for any bathroom. With two attachment points, the risk of loosening or falling is minimised, especially in high-moisture environments. This design also helps to evenly distribute weight, reducing stress on the wall and extending the lifespan of both the accessory and the wall.

FEATURES

MAGLIA / CAPRI

Introducing Maglia and Capri premium bathroom furniture... epitomizing elegance and sophistication, transforming the bathroom into a sanctuary of opulence and comfort. With cabinets crafted in New Zealand from the finest materials, these pieces are a fusion of artistry and functionality, boasting exquisite designs and impeccable craftsmanship. From sleek Quantum Quartz and Dekton countertops to drawer details, our latest ranges of premium bathroom furniture redefines the concept of indulgence in personal spaces. Every detail, from intricately carved hardware to soft-close drawers, is thoughtfully considered to provide not just aesthetics but also convenience. Such furniture elevates the bathing experience, creating a space where relaxation and style seamlessly coexist, making every moment spent in the bathroom a true luxury.

CABINETS MANUFACTURED IN NEW ZEALAND

Elementi cabinets are manufactured in New Zealand, using high quality materials and superior craftsmanship.

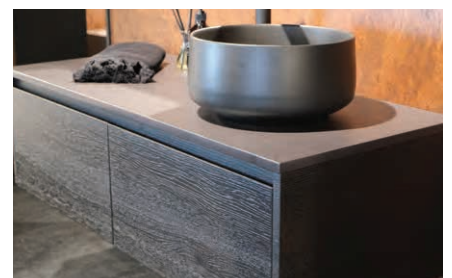

OFFSET BOWL OPTION

The option of offset bowls provides plenty of additional bench space for the daily routines of personal care or simply additional touches of decor.

HANDLELESS DESIGN

Modern yet practical, these designer cabinets feature no handle. Instead, a clever finger recess allows easy opening whilst keeping clean lines and a modern style that will have everlasting appeal.

COSMETIC CONCEALED DRAWERS

Practicality is at the forefront with internal cosmetic drawers built into the cabinets, allowing tidy storage of your small and personal items.

SOFT CLOSE DRAWERS

All vanities incorporate premium soft close drawers on a silent slide system.

TIMBER VENEER

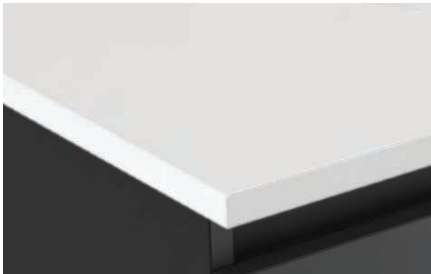

Finished in a high grade Timber Veneer, offering a beautifully unique finish with character, warmth and a touch of nature.

ELESTONE 12MM & 20MM TOP

EleStone is an Acrylic Premium Solid Surface providing a sleek modern appearance, a seamless surface coupled with non-porous and hygienic properties.

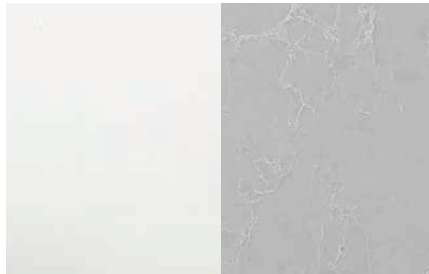

Elestone is drillable on site, allowing you flexibility of wall or deck mounted tapware.

QUANTUM QUARTZ 20MM

Premium Quantum Quartz tops in the iconic Alpine White and Leggero finishes designed for maximum beauty and a seamless flow.

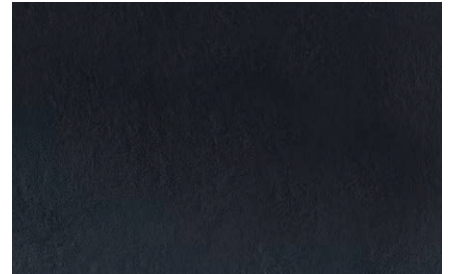

Pre-drilled with 140mm waste hole for vessel basin. Designed for wall mounted tapware.

DEKTON SIRIUS BLACK 20MM

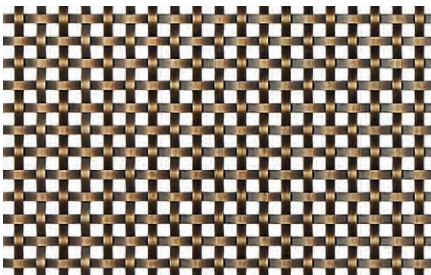

This alternative textured black top provides a visual sensation and the hint of greenish touches will bring realism and strength to the bathroom environment.

Pre-drilled with 140mm waste hole for vessel basin. Designed for wall mounted tapware.

WOVEN PANEL

A decorative woven wire mesh provides intricate design highlights that create an extraordinary and bespoke focal point on your bathroom furniture. Available with Maglia furniture only.

PAINTED FINISH

Paint finishes are applied in a purpose built spray booth. The result, a high quality, non-yellowing urethane (also known as a two-pack finish). Available with Maglia furniture only.

GUARANTEED QUALITY

Elementi Cabinets carry a 5 Year Guarantee. Quantum Quartz, Dekton & EleStone Tops carry a 10 Year Guarantee.

*All guarantees are subject to terms and conditions and available on request or can be viewed at: www.robertson.co.nz/warranties

FEATURES

PETTINE / TELAIO

Textured bathroom furniture adds a captivating dimension to bathroom aesthetics, transforming an ordinary space into a tactile masterpiece. The texture not only enhances the tactile quality of the furniture but also contributes to the overall ambiance of the bathroom. Whether it's the gentle fluted pattern of Pettine or the classical shaker style of Telaio you will be adding an element of depth and character that invites touch and leaves a lasting impression. It's a design choice that adds personality and charm to the bathroom, making it a space where functionality and sensory delight come together seamlessly.

ELESTONE FLAT TOP

EleStone is an Acrylic Premium Solid Surface providing a sleek modern appearance, a seamless surface coupled with non-porous and hygienic properties. Available in 12mm and 20mm options.

INTERNAL DRAWER FINISH

Coloured internal drawers take attention to detail that much further, giving you style inside and out.

SOFT CLOSE DRAWERS

All Pettine and Telaio vanities incorporate premium soft close drawers on a silent slide system.

MOISTURE RESISTANT CABINETS

Elementi vanities are made from a moisture resistant board with protective edge tape applied for improved durability.

CABINERY MANUFACTURED IN NEW ZEALAND

Elementi cabinetry is manufactured in New Zealand, using high quality materials combined with superior craftsmanship to produce innovative and beautiful bathroom furniture of the highest standard that will last for years to come.

ELECAST

EleCast tops are a polymethyl methacrylate (PMMA) solid surface, offering a durable, nonporous, nontoxic environmentally friendly material made specially for bathrooms and wet areas. EleCast tops are drillable on site, giving you the choice of deck or wall mounted tapware along with position offset to the left or right.*

*Installer must allow room for tailpipes and hoses.

OPTIONAL CONCEALED DRAWER

An optional inner drawer provides additional storage for those smaller items, allowing you to completely de-clutter your bathroom.

Note: Not compatible with 440mm, 600mm and double stacked drawer versions.

DURABLE THERMOFORM

Thermoform panels are made by wrapping vinyl film around the face and edges of an HDF MR drawer to provide a seamless, durable and moisture-resistant finish. Thermoform is chip resistant unlike a lacquer finish.

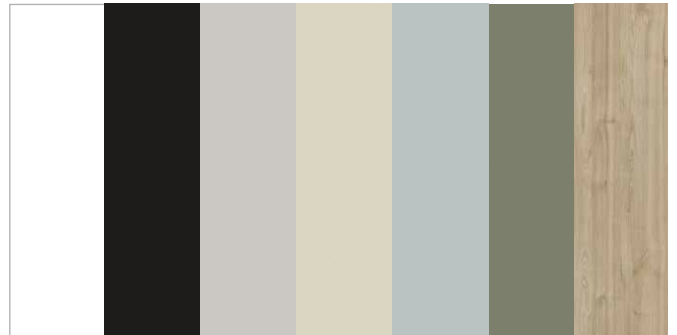

HANDLE OPTIONS

Telaio is available in multiple handle options with a modern profile handle, a classic D-handle, a minimalist round handle, provincial cup handles or timber handles. Pettine is available in the modern profile handle only. All handles come in multiple quality finishes.

FINISHES

Choose from an array of stylish finishes, from neutral colours to wood grain. Our Thermoform collection of vanities allow you the option to offer a real point of difference or seamlessly integrate into your bathrooms environment.

VANITY PACKERS

A 16mm vanity packer is available in all Pettine/Telaio finishes as an additional extra designed to fit the gap beside the vanity and the wall when installed against a corner.

CODE: 84899 + FINISH

GUARANTEED QUALITY

Elementi Cabinets, EleCast, Vitreous China & Polymarble Tops carry a 5 Year Cabinet Guarantee and a 10 year EleStone Top Guarantee.

*All guarantees are subject to terms and conditions and available on request or can be viewed at: www.robertson.co.nz/warranties

CONTEMPORARY VITREOUS CHINA

A distinctive curved bowl profile results in a deep and generous basin. Vitreous china is a natural product, produced and hand finished from a fine clay that is then kiln fired and treated with a durable porcelain glaze.

CONTEMPORARY VITREOUS CHINA

A distinctive curved bowl profile results in a deep and generous basin. Vitreous china is a natural product, produced and hand finished from a fine clay that is then kiln fired and treated with a durable porcelain glaze.

TERINA X

COLOUR AND LIGHTING HAS ALWAYS BEEN THE FOCUS IN ALL ASPECTS OF INTERIOR DESIGN, NOW TOO IS IT CUSTOMISABLE ON THE INSIDE AND OUT WITH TERINA X!

Simply select either the premium 'Pro Cabinet' which features the award winning Avantech YOU LED lighting, Quadro YOU runners and stylish anthracite frame or select the 'Lux cabinet' with an additional concealed drawer for extra storage.

PRO CABINET
WITH YOU LED LIGHTING

LUX CABINET
WITH CONCEALED DRAWER

Terina X Pro Wall Vanity
Cabinet Finish: Jute
Top Finish: Motion
Cognac Vessel Basin
Finish: Matt Black
Uno Extended Height Basin Mixer
Finish: Black

FEATURES

TERINA X

PRO CABINET WITH LED LIGHTING

LUX CABINET WITH CONCEALED DRAWER

Note: Lux cabinet is 160mm higher to accommodate extra drawer.

AVANTECH YOU

Terina Pro incorporates the state of the art Hettich AvanTech YOU system in all drawers. Offering exceptional design, functionality, adjustment and performance.

Avantech YOU only available with 'Pro' Cabinet.

AVANTECH YOU ILLUMINATION

A beautiful lighting system integrates elegantly into the drawer. Triggered by opening the drawer, a timer ensures power is not wasted and will automatically shut off after 30 seconds or by closing the drawer. Exceptionally long battery life with micro USB charger included.

Avantech YOU Illumination only available with 'Pro' Cabinet.

DRAWER ADJUSTMENT

The Avantech YOU adjustment capabilities are second to none. Adjust vertically, laterally or tilt to obtain optimum alignment of your front panel. All whilst being cleverly hidden inside the stylish anthracite frame.

Avantech YOU Drawer adjustment only available with 'Pro' Cabinet.

STRUCTURAL STABILITY

Premium Quadro YOU runners are made from durable galvanised stainless steel and feature a robust 30kg drawer weight limit. Providing an exceptionally stable platform for larger drawers.

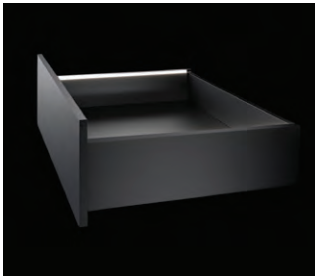

Quadro YOU runners only available with 'Pro' Cabinet.

INGENIOUS DESIGN

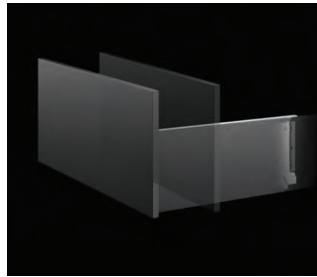

A meticulously crafted anthracite drawer conceals the drawer mechanism within a sleek 13mm housing. Offering full sides and an uninterrupted appearance enabled by invisible screws and fittings creating a modern foundation on which to build your space.

Avantech YOU only available with 'Pro' Cabinet.

SOFT CLOSE DRAWERS

All Pro and Lux Cabinets incorporate premium soft close drawers on a silent slide system.

MOISTURE RESISTANT

Elementi vanities are made from a moisture resistant board with a ventilation gap incorporated to reduce the risk of moisture build-up. A protective edge tape is also applied for improved edge durability.

DURABLE ELESTONE FLAT TOP

EleStone is an Acrylic Premium Solid Surface providing a sleek modern appearance, a seamless surface coupled with non-porous and hygienic properties. Available in 12mm and 20mm thickness.

CABINETS MANUFACTURED IN NEW ZEALAND

Elementi cabinets are manufactured in New Zealand, using high quality materials combined with superior craftsmanship to produce innovative and beautiful bathroom furniture of the highest standard that will last for years to come.

MULTIPLE DESIGN AWARDS

Hettich Avantech YOU has been recognised globally for exceptional innovation in design.

2021 Interzum Award
2021 Good Design Award
2022 Red Dot Design Award

Avantech YOU only available with 'Pro' Cabinet.

SILICA FREE

Elementi EleStone is silica free, allowing joiners and cabinet makers to manufacturer and install our cabinet tops risk free, as well as ensuring the protection of our customers.

GUARANTEED QUALITY

Hettich offers a Lifetime guarantee on hardware*. Elementi Cabinets carry a 5 Year Guarantee. EleStone Tops carry a 10 Year Guarantee.

*Warranty excludes battery, lighting and electrical components. All guarantees are subject to terms and conditions and available on request or can be viewed at: www.robertson.co.nz/warranties

TRANSFORM YOUR
BATHROOM INTO A
SANCTUARY OF STYLE
AND COMFORT WITH
PARISI'S PREMIUM
BATHROOM FURNITURE
COLLECTION.

PARISI

PREMIUM

Riga 1400 Wall Vanity
Cabinet Finish: Black Walnut
Top Finish: White
Neo Basin Mixers
Finish: Chrome

FEATURES

PURE / RIGA / ARRIVO / LOOM / ABBRACCIO

Parisi furniture provides both optimum craftsmanship and luxurious design. The Pure Italian Carrara Marble top with black industrial style frame exhibits sophistication, while the EleStone bench tops are perfectly complemented by a choice of premium natural veneer joinery, or the unique hand carved black walnut texture of the Loom collection.

FINGER PULL DRAWERS

Soft-function drawers with finger pull drawer handles add sleek functionality while retaining the clean lines and minimalist aesthetic.

DRAWER ORGANISER

De-clutter your bathroom with built in drawer organisers. Finished in a dark beautiful wood, internal and external. Available in Abbraccio, Riga, Arrivo and Loom vanities.

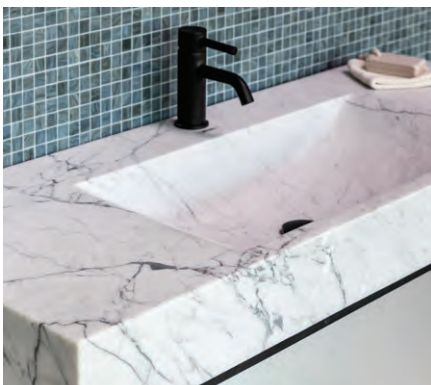

ELESTONE FLAT TOP

EleStone is an Acrylic Premium Solid Surface providing a sleek modern appearance, a seamless surface coupled with non-porous and hygienic properties.

ITALIAN CARRARA MARBLE

Marble tops are famous for their unique natural beauty and provide an instant focal point in the bathroom. The finish is primarily white in colour with veins of black and grey amongst other subtle tones. Applies to Pure Vanity only.

MOISTURE RESISTANT MARINE PLY

Parisi cabinets are made from a premium moisture resistant multi-wood marine ply perfect for areas such as bathrooms with constant exposure to water.

ELESTONE INTEGRATED BASINS

The all in one option with sink integrated within the countertop and produced from the same material. Instead of the sink being an added element, it is built directly into the countertop.

CABINET FINISHES

Parisi offer unique finishes and textures to complement their designs with solid natural veneers, textured finishes or a harmonising white gloss finish.

SOLID MARBLE WASH BASIN

A stunning centre-piece for your bathroom, the Pure Frame cabinet has a solid marble wash basin which is perfectly complemented by the black industrial style metal frame and white multi-wood premium joinery cabinet.

Note: Contact us for availability.

ONE OF A KIND NATURAL STONE

Marble is a natural material, so each vanity basin is one of a kind. Being a product of nature, Marble is prone to variations in colour, shade, texture, density, scratches and chips. It is these characteristics that actually add to the beauty and charm of the material.

HAND WOVEN WALNUT

Inspired by the process of weaving cloth, the Loom bathroom furniture range is handmade, with each piece hand-carved, sanded and polished. Every piece is inspected individually to ensure only quality Black Walnut is used and the grain is matched through the process to produce this unique piece of furniture. Also includes matching internal Black Walnut finish and drawer organisers.

A STYLISH AND PRACTICAL OPTION FOR ANY SPACE, OUR ELEMENTI EVERYDAY BATHROOM VANITIES ARE AVAILABLE IN DESIGNS AND FINISHES TO SUIT EVEN THE MOST PARTICULAR OF TASTES.

ELEMENTi[®]

EVERYDAY

FEATURES

CABINETS MANUFACTURED IN NEW ZEALAND

Elementi cabinetry is manufactured in New Zealand, using high quality materials combined with superior craftsmanship to produce innovative and beautiful bathroom furniture of the highest standard that will last for years to come.

QUALITY DRAWER AND DOOR SYSTEMS

Elementi vanities incorporate quality drawer and door systems from renowned brands including Hettich, Hafele and Titus, that are also backed by Lifetime Warranties.*

Extra deep 176mm drawers featuring full-extension drawer runners (not applicable for Verona), allow for easy access.

A SIZE TO SUIT EVERY SPACE

As well as various styles and finishes, Elementi has a wide range of sizes in wall or floor configurations to suit your large or small space. More compact cabinets perfect for the guest bathroom through to his and hers double bowl cabinets, we have the solution to fit.

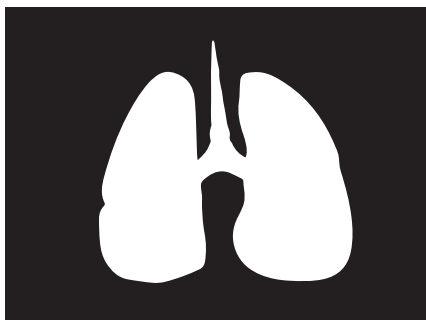

MOISTURE RESISTANT

Elementi vanities are made from a moisture resistant board with a ventilation gap incorporated to reduce the risk of moisture build-up. A protective edge tape is also applied for improved edge durability.

SILICA FREE

Elementi EleStone, Vitreous China and Polymarble tops are silica free, allowing joiners and cabinet makers to manufacture and install our cabinet tops risk free, as well as ensuring the protection of our customers.

GUARANTEED QUALITY

Hettich offers a Lifetime guarantee on hardware. Elementi Cabinets, Vitreous China & Polymarble Tops carry a 5 Year Guarantee and EleStone tops a 10 Year Guarantee.*

*Warranty excludes battery, lighting and electrical components. All guarantees are subject to terms and conditions and available on request or can be viewed at: www.robertson.co.nz/warranties

VANITY PACKERS

A 16mm vanity packer is available in all our ELEMENTI finishes as an additional extra designed to fit the gap beside the vanity and the wall when installed against a corner.

CODE:
84899 + FINISH

FEATURES

VANITY TOP OPTIONS

CURVED VITREOUS CHINA

A distinctive curved bowl profile results in a deep and generous basin. Vitreous china is a natural product, produced and hand finished from a fine clay that is then kiln fired and treated with a durable porcelain glaze.

SILICA
FREE

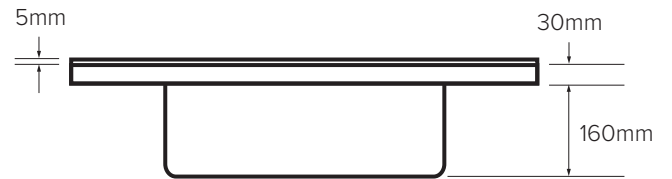

SQUARE POLYMARBLE

Being mechanically engineered from a mix of resin and marble powder, man-made Polymarble has a more precise, perfectly flat finish which makes it preferred for situations where tiles are placed up to the edge of the vanity top.

POLYMARBLE RAISED REAR PROFILE

A raised rear profile has been designed for additional waterproofing, as well as providing an ideal flat top surface for tiling up to.

PERFECT FOR SMALLER SPACES

Today, living space is the ultimate luxury. And it's often in the bathroom that space becomes a real issue. In a small bathroom, the Slim II vanity proves a real space saver. The shorter projection (370MM) of the vanity leaves a larger area in the middle of the room to turn around and use all the facilities with ease.

RAISED REAR PROFILE

The Polymarble basin features a raised rear profile designed for additional waterproofing, as well as providing an ideal flat top surface for tiling up to.

HANDLES

An Urban handle in Brushed Nickel finish will be provided as default with alternative finishes available on request.

Brushed Nickel

OUR STORY

THE PRACTICAL AND STYLISH SHOWERING SOLUTION

DESIGNED TO THE LAST DETAIL

From the first sketch to initial design concept to final production, quality is the key component, so that ultimately you get to share in our ethos by having your own quality experience when you use an Elementi shower enclosure.

Elementi shower enclosures are strong, durable and stylish. From the premium detailing to invisible fixings, design has been considered down to the very last detail. Our products are made from the highest quality materials, with added design features and installation benefits to make sure that once you have chosen your product, it is easy to install and reliable in its use.

100% NEW ZEALAND OWNED AND OPERATED

Elementi is Robertson Bathware's own unique brand. Born from decades of experience, and inspired by the latest international design trends, Elementi is a synthesis of innovation and style.

Proud of our independence, family origins and values, Robertson Bathware focus on quality and innovation to deliver a range of superior solutions, proven by the fact that we have been supplying bathroom products including shower enclosures for over 30 years, with thousands of Kiwi's enjoying our quality products day after day, shower after shower.

THE RIGHT ENCLOSURE TO SUIT YOUR SITUATION

Within our ranges we have a number of sizes in a square or rounded profile to suit your space, pivot or roller doors for easy access as well as corner or centre waste options to fit your plumbing requirements.

DOOR OPTIONS

PIVOT HINGED DOOR

These doors swing open to offer wide access, which combined with a side panel creates a light and airy showering area.

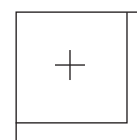

ROLLER SLIDING DOORS

Roller doors glide smoothly out of the way offering maximum access where there is limited space to open a door.

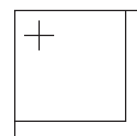

WASTE OPTIONS

CENTRE WASTE

CORNER WASTE

Note: Doors can be fitted to open from either left or right.

FEATURES

A QUALITY PRODUCT

10 YEAR GUARANTEE*

EASY CLEAN PERMANENT PROTECTION WITH NANO GLASS TECHNOLOGY

All of our showers come with Nano glass protection using advanced Nano technology to create a non-stick surface. This award winning technology makes glass easier to clean and resists staining and discolouration and build-up of unsightly limescale and soap deposits.

Totally clear, UV stable and extremely durable, Nano glass won't peel or flake and unlike some other systems you don't need any specialist cleaners to maintain its dirt repellent properties. We recommend you use warm soapy water then dry using a squeegee for best results.

SAFETY SHOWER GLASS

To ensure ultimate safety, all Elementi shower enclosures are fitted with toughened 6mm safety glass doors to AS/NZS 2208 standard.

VERSATILE LEFT OR RIGHT DOOR OPENING

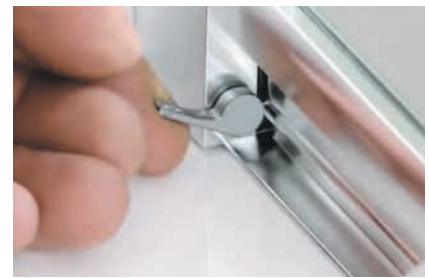

To match your room design our doors can be fitted to open from either the left or right to suit your space.

SMOOTH STAINLESS STEEL DOOR ROLLERS

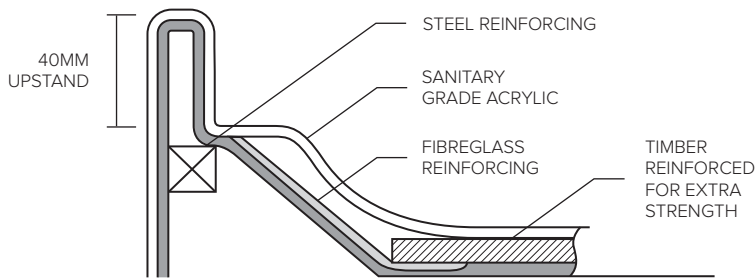

Smooth running lockable stainless steel double top rollers and spring-loaded double bottom rollers provide effortless performance. Removable rollers and door seals also allow for easy cleaning.

Black door rollers are available on black framed showers.

SIMPLE INSTALLATION WITH PATENTED QUICK FIX ADJUSTMENT SYSTEM

Our patented locking technology eliminates the need for drilling holes and using fixing screws to hold the shower door to the wall profiles. With a simple push of the lever your Elementi shower is locked and fitted into place, with easy adjustment if required for uneven walls. This patented design will save you time and money.

WEIGHT TESTED REINFORCED TRAY WITH REAR UPSTAND AND FRONT SAFETY LIP

Elementi trays are manufactured from one piece of superior sanitary grade acrylic. Our trays are then reinforced with timber and fibreglass which allows us to give the trays a commercial weight rating of 200kg.

Additionally our industry leading 40mm upstand requires no rebating into the wall frame when using 10mm plaster board and the 40mm upstand gives our installers great piece of mind.

Lastly our our 65mm low profile trays allow for easy access into the shower.

EASILY REMOVEABLE SEALS

High quality shower seal strips are easily removeable for cleaning or replacement.

Seals also available in black on black framed showers.

EUROPEAN ACRYLIC LINER

Made in Europe and sold in over 40 countries for over 50 years, Athlone Liner Spec acrylic has stood the test of time. Unlike cheap wall liners, this European Sanitary Grade Capped ABS Acrylic is more stable, high gloss, impact, scratch and stain resistant and has excellent moulding capabilities. Manufactured to European Standard: EN13559:2003 linerspec.co.nz

The liner is available in either a Flat Wall or a Moulded Wall option.

A TALLER SUPERIOR DOOR

Having a 1950mm high door is more user friendly for taller people and allows a higher position for the shower rose. Doors are also fitted with large dual sided chrome handles.

All Elementi shower liners are also extended height.

PEACE OF MIND

As you would expect from Elementi, our shower enclosures exceed all safety, functionality and performance tests within current New Zealand Standards. All enclosures are backed up by a 10 year guarantee for added peace of mind.

10 YEAR GUARANTEE*

OUR GUARANTEES

As you would expect from Elementi, all shower enclosures exceed all safety, functionality and performance tests within current New Zealand Standards. All enclosures are backed up by a 10 year guarantee for added peace of mind.

WITHOUT EXCEPTION ROBERTSON PRODUCTS ARE GUARANTEED TO MEET OR EXCEED THE STANDARD REQUIREMENTS FOR THE NEW ZEALAND BUILDING CODE.

In addition to specific guarantees provided, all products imported and or sold by Robertson are, to the extent applicable, guaranteed in accordance with the Durability Clauses of the New Zealand Building regulations and Consumer Guarantees Act.

Our guarantees apply only to products imported and sold by Robertson. These guarantees do not cover products sold by Robertson under any other agency, company or brand name. As part of our ongoing commitment to continuous improvement, Robertson NZ Ltd reserves the right to make changes to its products at any time.

All guarantees are subject to the following terms and conditions and to the Robertson NZ Ltd Terms of Trade available on request. A copy of which can also be found at ROBERTSON.CO.NZ.

The guarantee is against manufacturing defects only.

All products must be checked to see they are in good order and condition prior to installation.

This guarantee does not cover products that have been damaged by misuse, accident or neglect.

This guarantee may not cover the cost of removal or installation.

This guarantee is applicable to shower enclosures installed in domestic residential situations and or light commercial situations such as bathrooms in motels, hotels and retirement villages.

This guarantee does not include commercial situations such as public washrooms and or kitchens and laundries in public buildings, schools, sports centres, gymnasiums and hospitals.

This guarantee does not cover normal wear and tear.

The use of some cleaning products will void the guarantee. Refer to our product care guide that can be downloaded from our website.

This warranty is personal to the first end user and is not transferable unless stated.

Each and every warranty claim must be accompanied by the original proof of purchase.

Products must have been installed in accordance with the manufactures instructions and in accordance with local City or Council Standards requirements.

Products must have been cleaned as per manufacturer's recommendations. A copy of our Product Care Guide can be downloaded from our website.

Products must have been maintained in good order and condition and serviced in accordance with manufacturers' recommendations.

Robertson reserves the right to determine any issue or uncertainty in connection with the warranty.

Robertson reserves the right to repair and or replace the defective product and or component at its discretion or nearest equivalent if a product needs to be replaced.

All Warranty covered repair work is to be performed by a Robertson representative and or authorised service agent or plumber who has received an authorisation number to attend the job.

This guarantee does not purport to exclude or limit your rights under the Consumer Guarantees Act which will not apply to consumers acquiring goods other than "in trade". If you acquired the products "in trade" you agree that the Consumer Guarantees Act does not apply.

SPECIFIC GUARANTEE DETAILS

Unless otherwise stated guarantees for products imported and sold by Robertson are as follows.

1 YEAR GUARANTEE

- Shower enclosure seals and drip strips

5 YEAR GUARANTEE

- Shower enclosure black coloured doors and returns

10 YEAR GUARANTEE

- Shower enclosure acrylic liners
- Shower enclosure trays
- Shower enclosure chrome doors and returns
- Shower enclosure stainless steel rollers
- Shower enclosure hinges and handles

CLEANING AND MAINTENANCE

SHOWER TRAYS & WALL LINERS

When cleaning acrylic surfaces always use non abrasive cleaners then rinse off with water. (Cleaners with peroxide and ammonia can be very harmful to acrylics)

We recommend drying the surfaces after cleaning to prevent further build up of soap and grime.

GLASS

Whilst our Nano shield glass protection will make it easier to clean and resist staining it does not eliminate build up of slime and soap deposits. Glass will stain by allowing water to remain on the surface or by not cleaning. Regular maintenance will prevent this by using a glass cleaner, rinsing off with water and drying glass panels.
