E-BIDET SMART TOILETS

INTEL E-BIDET SMART TOILETS

INTELLIGENCE REDEFINED

The latest E-Bidet Smart Toilet, Intel redefines bathroom luxury with its innovative features and stylish design. It offers customisable water temperature and pressure, as well as personalised cleaning modes for an exceptional user experience. Its sleek aesthetic complements any decor, while durable materials ensure long-lasting performance.

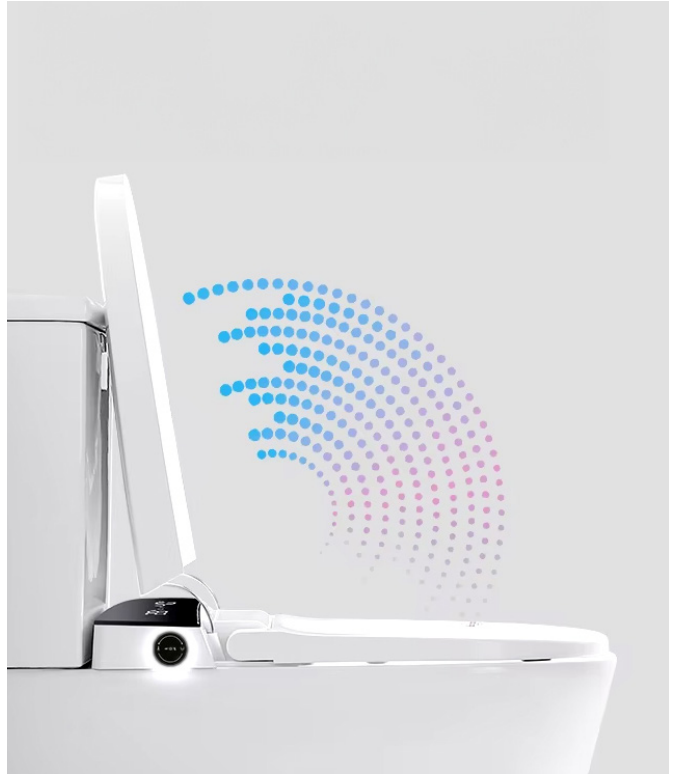

Intel's minimalist design conceals all pipework, reduces toilet paper usage and promotes a more sustainable approach to hygiene. The e-bidet seat provides a gentler, more hygienic clean, enhancing personal comfort. Features like customisable front and rear cleansing options, oscillation, pulsating massage, and adjustable aerated water are easily controlled with a simple dial.

Ideal for those with restricted movement, the E-Bidet simplifies the cleaning process, offering comfort and confidence. It includes four levels of adjustable warm air drying and a foot sensor that allows the seat to lift without hand contact. An LED screen displays essential information, while the rimless design allows for easy cleaning.

Intel's double filtration system removes impurities, and an activated carbon filter helps reduce odours. The intelligent remote control provides quick access to all features, and the unit is tested to support up to 250kg. Even without power, the bidet remains functional, though water temperature adjustments won't be available.

Additional features include nano anti-bacterial glazing and an adjustable heated seat. A built-in night light enhances safety by illuminating the toilet bowl. With four unique cleaning modes – Feminine, Hip, Mobile, and Massage. Intel offers a customizable experience for every user. Its easy installation and maintenance make it a perfect choice for any household, and it's designed specifically for New Zealand homes, fully compliant with safety standards.

ELEMENTi®

INTEL E-BIDET SMART TOILETS

SMART SOLUTIONS

Using the Intel E-Bidet smart toilet will transform your bathroom experience with enhanced comfort and hygiene, whilst aiding in sustainability.

Unlike traditional toilets, Intel offers smart solutions to cleansing that provide a gentler, more thorough clean that promotes better personal hygiene and will elevate your daily routines.

CONCEALED WATERWAYS & CABLES

This intelligent e-bidet has all the pipework and cables concealed within, contributing to its sleek and minimalist design.

LED DISPLAY

LED Screen displaying essential operational information with various temperature and settings.

ENVIRONMENTALLY FRIENDLY

Smart toilets decrease toilet paper use, avoiding harmful chemicals that clog plumbing. These bidet seats provide a gentler, more hygienic clean and reduce environmental impact.

RIMLESS DESIGN

There are no hard to reach areas with the new rimless design allowing easy cleaning with a single wipe.

SMART TECHNOLOGY FOR COMPLETE CLEANLINESS

Offering customizable front and rear cleansing options, plus features like oscillation, pulsating massage, and adjustable aerated water – controlled with a simple dial.

POWER SAVING & MEMORY

Energy Saver Mode can be activated when toilet is not in use. Previous user settings retained for convenience.

DESIGNED TO LAST

This durable seat has a load-bearing lid, quick-release mechanism, and easy-to-clean surface. Its sleek, minimalistic design ensures both comfort and durability.

DOUBLE FILTRATION

The double filtration system helps filter out any impurities in the waterline. Whilst the Activated carbon filter helps reduce those bathroom odours.

AID FOR ACCESSIBILITY

Perfect for those with restricted movement, an E-Bidet takes the hassle out of the cleaning process, providing comfort and confidence to those that need it most.

REMOTE CONTROL

The remote control allows for easy access to all features, enabling personalised adjustments with just the touch of a button.

ADJUSTABLE AIR DRYER

4 Levels of warm air can be adjusted at will, helping you dry off.

STRENGTHENED SUPPORT

Seat weight tested to 250kg ensuring stability and assurance.

FOOT SENSOR

An ingenious foot sensor allows you to lift the seat and without any hand contact by simply tapping your foot against the side of the pan.

FLAME RESISTANT MATERIAL

Enhanced safety, designed to resist ignition and slow the spread of fire.

WASH WITHOUT POWER SUPPLY

Bidet is still operational without power, however the water temperature and seat temperature cannot be adjusted if power is off.

NIGHT LIGHT

A built in night light enhances safety and convenience by illuminating the toilet bowl during the night, reducing the need for harsh overhead lights and helping to prevent accidents.

ADJUSTABLE WATER TEMPERATURE

Instant water heating . Adjust the water temperature up or down for your desired level of comfort.

4 MODES OF CLEANLINESS

The E-Bidet Smart Toilet offers four cleaning modes: Feminine, Hip, Mobile, and Massage Cleaning, ensuring a customisable and comfortable experience.

ONE BUTTON SWITCH

One button switch used to adjust water volume and spray type allowing the user to tune to their preferred comfort level.

NOZZLE CLEANING

Automatic nozzle cleaning/rinse with each use. For additional cleaning simply select Self Cleaning on the remote.

ANTI BACTERIAL

Nano Anti-Bacterial Glazing ensures a hygienic environment.

EASY FIX

Quick and easy install with the bidet module fully accessible and easily removable aiding in the convenience of cleaning and maintenance.

HEATED SEAT WITH ADJUSTABLE TEMPERATURE

A heated toilet seat enhances comfort by eliminating the shock of cold surfaces, making bathroom visits more pleasant.

AUTO OPEN/SOFT CLOSE SEAT

An automatic opening soft-closing toilet seat add hygienic benefits allowing the user use without making hand contact.
