Grohe StarLight

Made-to-last surfaces ranging from precious matt to shiny like a diamond.

It's extra strong and functional! The GROHE Relexaflex Metal Longlife shower hose is perfect in any bathroom and with a versatile length of 1500mm ideal for a shower system or shower rail set. This cleverly designed Longlife hose is built to revel in hard work and can withstand water pressure up to 16 bar, tension up to 75kg and heat up to 75°C. The AntiFold feature ensures it won't bend and end up with annoying kinks. Fitting is swift and simple too as it comes with standard 1/2" connections and is compatible with all standard hand showers.
