Elementi Cura 1 Function Slide Shower with wall elbow supplied on a 600mm rail brings the very finest of modern style and practical useability together. Focused for the family home, the shower system pushes the boundaries of cutting-edge manufacture and state-of-the-art design to provide a versatile, reliable solution for the bathroom.

With a 3 Star WELS rating and 8.5 litres per minute water flow rate, the Cura slide shower offers a great and enjoyable shower experience, all while being mindful to save water. Whether you are on mains pressure or multi pressure systems, the shower can handle both, offering a consistent and high-quality water flow regardless of your home's water system.

Safety is also provided with the double check valves, which protect fresh water from backflow contamination, giving peace of mind and ensuring New Zealand building code compliance. The shower also features a soap dish, offering extra convenience in having your bathroom items within easy reach.

The ideal finish achieved with the new plating technology gives a durable, wear-resistant finish, and the BPIR conformity to B2.3.1 and G12 Water Supplies regulations ensures conformity to all the necessary durability and water supply standards.

Functional yet stylish, the Elementi Cura 1 Function Slide Shower is ideal for anyone seeking reliability, ease of use, and modern style for their bathroom.
